PROFESSIONAL SUMMARY

Results-driven Full Stack Java Developer with hands-on experience building and deploying end-to-end web applications using Java, Spring Boot, React.js, JSP, Servlets, JDBC, and MySQL. Proficient in relational database design and responsive front-end development with HTML5, CSS3, and JavaScript. Seeking a software developer or full-stack developer role to apply strong technical skills in a collaborative and growth-focused environment.

INTERNSHIP EXPERIENCE

Java Developer Intern | Hyderabad, India

Orbit Cybermetrics Pvt Ltd

- Designed and developed dynamic web applications using Core Java and JSP, integrating MySQL databases for efficient data storage and retrieval.
- Developed two in-house projects during the internship, handling both front-end UI implementation and backend logic under mentor guidance.

PROJECTS

Job Portal Web Application | React.js, Spring Boot, MySQL, REST API

- Built a full-stack job portal with a React.js front end and Spring Boot REST APIs, letting employers post job listings and candidates search, filter, and apply for openings.
- Designed a relational MySQL schema for users, jobs, and applications using Spring Data JPA, with Spring Security for role-based authentication (Recruiter/Candidate) and responsive React components for search, filtering, and an application-tracking dashboard.

Student's Portfolio Website | HTML, CSS, JavaScript, Git, GitHub

- Built a personal portfolio website using Git and GitHub to showcase skills, projects, and resume with a clean, modern layout.
- Improved the responsiveness of the website using CSS Flexbox and media queries, ensuring smooth viewing across mobile, tablet, and desktop devices.

Varahi Overseas Consultancy Website | HTML, CSS, React

- Developed a multi-page website for an overseas education consultancy using reusable React components, featuring service listings and an inquiry contact form.
- Enhanced the responsiveness of the website using CSS Grid and Flexbox, ensuring a seamless experience across all screen sizes.

Iron-Elite Gym Website | React, JavaScript, HTML, CSS

- Built a fitness/gym website with sections for membership plans, trainers, and class schedules using React state and props for interactive components.
- Improved the responsiveness of the website by using CSS media queries and flexible layouts, making it fully usable on mobile devices.

EDUCATION

B.Tech in Electronics and Communication Engineering | 2019 - 2023

Brilliant Institute of Engineering, Hyderabad

Intermediate (MPC) | 2017 - 2019

Sahasra Junior College

SKILLS

Programming Languages: Java, Core Java, JavaScript
Frontend: HTML, CSS, React.js
Backend: Spring Boot, JSP, Servlets, REST APIs, JDBC
Database: MySQL
Tools & IDEs: VS Code, Eclipse, Git, GitHub, MySQL Workbench
